I run in your honor because you served in mine.

MILITARY MISSIONS INC invites you to take STEPS to HONOR

The awareness program designed to honor those who stand in the gap to provide a safe America for all of us. Since the birth of our great nation, there have always been brave and courageous individuals that have stepped up to defend our liberty and keep us safe from harm. You will feel encouraged when you give back by honoring our military personnel or first responders by taking STEPS to HONOR.
